

## GreenClean - the completely biodegradable alternative.

**GreenClean** is the fully biodegradable alternative with excellent cleaning power. Not hazardous to water or plants. Non-toxic for humans and animals. Neutral towards colours and materials. The highly effective surfactants remove fat deposits of animal, vegetable, synthetic or mineral origin.

### Field of use

**GreenClean** does not cause any health risks - ideal for use in:

- food processing companies such as slaughterhouses, large kitchens or bakeries etc.
- Industry and commerce
- agriculture
- municipal utilities

In addition, **GreenClean** significantly reduces unpleasant odours - e.g. for the post-treatment of contamination with heating oil.

### Water-soluble cleaning concentrate on a biological basis

With highly effective surfactants - effectively dissolve fats and oils.

- Made from renewable raw materials
- Completely biodegradable
- Non-toxic for humans and animals

### composition

Declaration according to the detergent regulation (EC) No. 648/2004: Brewer's yeast; 5% and above, but less than 15% anionic surfactants; less than 5% amphoteric surfactants

### storage

Protect from frost and direct sunlight.

Dilution table	
Use	Mixing recommendation GreenClean : Water
Machine cleaning / car washing by hand	1: 10-30
Rim cleaning / cleaning of fuel pumps	1: 10-30
Metal and stainless steel cleaning / plastic cleaning	1: 10-30
Pan cleaning / oven cleaning	1: 10-30
Engine cleaning / degrease brake discs	1: 10-30
Car wash main wash	1: 40-120
Car wash pre-wash / use with high-pressure cleaner / screen cleaning	1: 40-120
Car steam cleaner/ helmet visor cleaning / screen cleaning	1: 30-90
Remove oil stains on concrete	1: 6-18
Floor cleaning / Boat cleaning	1: 20-60
PC case cleaning / furniture cleaning / dish washing	1: 20-60
Windows	1: 100-300
